Siblings Currently Enrolled in the Academics Plus Program:

Last	First	Grade

Since the Academics Plus Program is an alternative program offered in the Chico Unified School District, it is important to understand that it contains characteristics which differ from that of other District conventional programs. One of these characteristics is that enrollment in this program is a family commitment and involves the parents as well as the student. Much of the success of the Academics Plus Program depends on this commitment. Therefore, it is essential to realize that, if you become an APP parent, there are definite expectations in terms of your involvement, support and responsibilities.

Parental Involvement:

- Reviewing and signing annually the APP Guidelines for Success
- Becoming involved in the program whenever possible (e.g., program evaluation, class projects, field trips, classroom aid, etc.)
- Assisting your child(ren) with homework as needed
- Reviewing Weekly Reports with your child
- Returning Weekly Reports and teacher/school communication in a timely manner
- Supporting the school/teacher discipline plans
- Supporting all recommendations of the staff (e.g. teacher assignments, special education/GATE testing, etc.)
- Providing transportation for your child(ren) to and from school on time.

I request that my child be considered for enrollment in the Academics Plus Program. The kindergarten class will consist of siblings of current Academics Plus students with the remainder of the class chosen by lottery. Students entering the Academics Plus Program in Grades 1 through 6 will be placed on a waiting list.
